How to use this booklet

This booklet is to help make sure that you get the holiday you want.

It is to help you think about the kind of holiday you want and what you would like to do on it. It can also be used to record how your holiday went to help you plan for other holidays in the future.

You can go through this book on your own or you can ask for help to work through it. You might want to use the space for comments to give more details about what you want or why you have chosen some things. Remember you can add things at the end of the booklet about what the holiday was like.

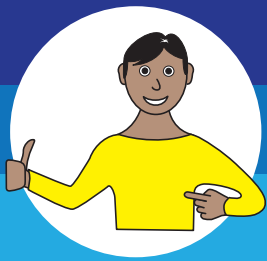

This might be pictures, postcards or something else you brought back. These might make it easier to help you choose your next holiday.

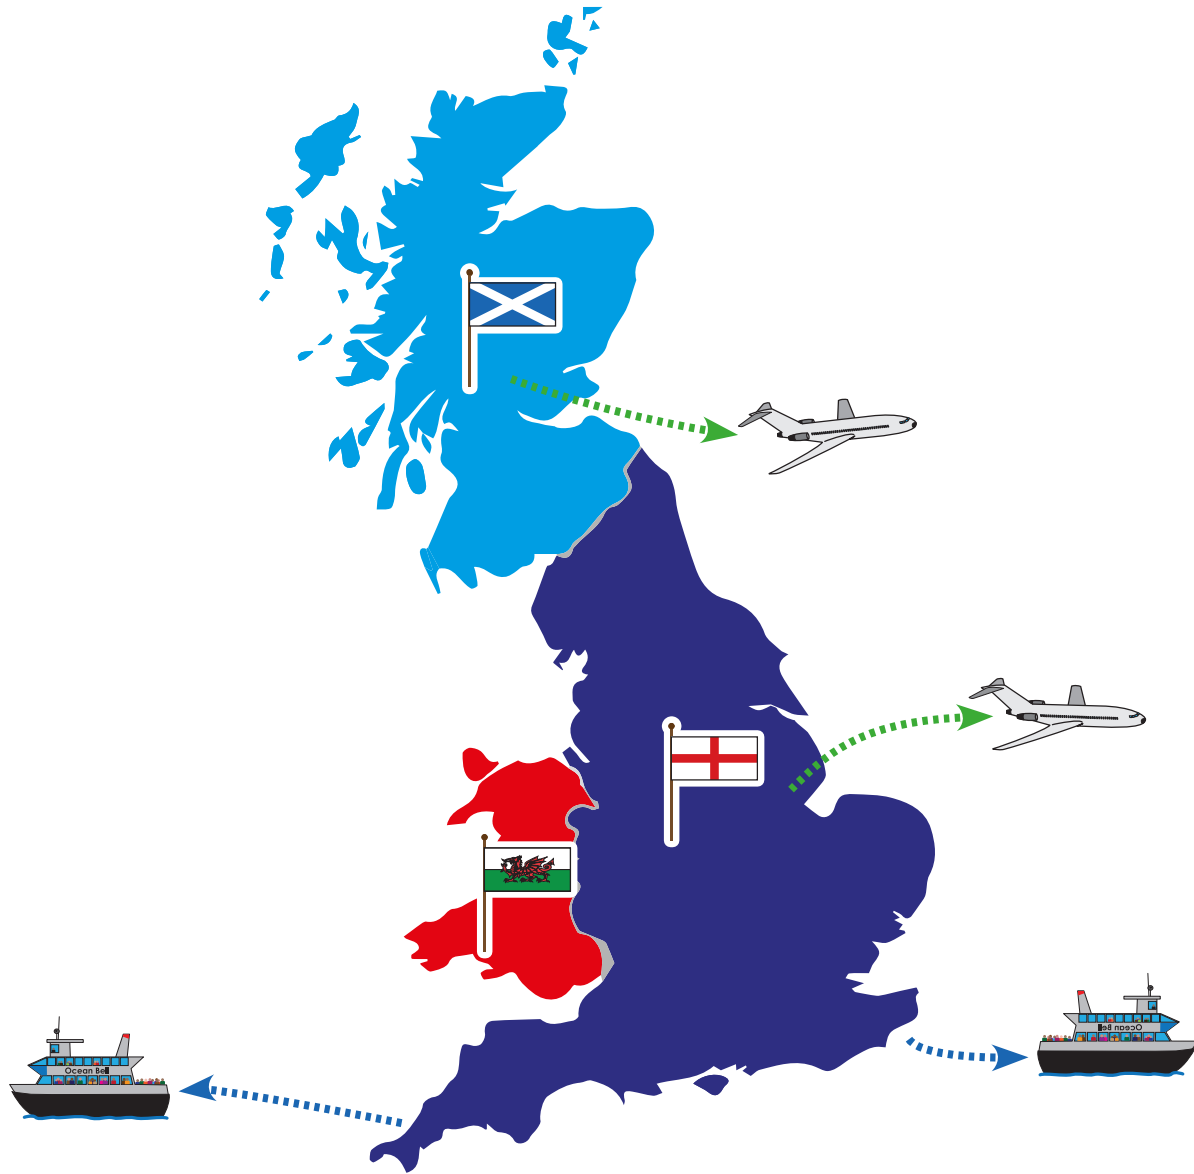

If you can't fill the book in yourself someone that knows you well can do it for you. That person can use the comments to explain why they think you might like to do or try certain things. They can also help fill in the end of the book to help people plan holidays for you in future that they think you will like.

Hopefully you will find this booklet helpful and a fun way to plan your holiday but whatever happens...Happy Holidays!
