Have your say on the design of our new buses

We're designing new buses for West Yorkshire, and we want your input to make sure the key internal features meet your needs.

We are asking people with learning disabilities and/or autistic people, in Leeds, to help shape some features on the new buses, including:

- Staying Connected - Wi-Fi and charging your device
- Comfort - the right temperature and seat fabric
- Seating for those who need it most
- Accessibility - including ramps and space for wheelchair users and prams
- Other features - such as flooring, audio alerts telling you the journey progress and stops and display screens.
